

Da-Lite Screen Company offers a registered AIA continuing education credit course presented at your location when you need it.

**Program Title:** Projection Screens

**Program Number:** DAL-01

**Length:** 1 hour

**Credits:** 1 LU hour (Learning Unit)

**HSW:** No

**Program Overview:**

This course defines the fundamentals of correctly sizing and specifying a projection screen for educational, commercial and corporate applications. All aspects of front and rear projection screen technology including aspect ratio, gain, contrast and resolution are discussed.

**Learning Objectives:**

- 1.) Specify screen size and type.
- 2.) Determine the best screen surface for a specific application
- 3.) Recognize how room environment affects display.

**Facilitator Qualifications:** All Da-Lite Screen Company CES facilitators have been trained on CES guidelines and presentation skills. In addition, they receive continuous in-depth training in the field and are considered industry experts.

**Reporting:** All courses will be reported to the AIA for credit within 10 days of completion. Certificates will be provided to all attendees upon request.

**Method of Delivery:** The CES facilitator utilizes a PowerPoint presentation to provide an in-depth overview for how to specify the appropriate projection screen for a given project. A question and answer session will be provided at the end of the presentation.

**Audio/Visual required:** Electrical power for the PowerPoint presentation. The CES facilitator will supply the laptop, screen and projector.

**Target Audience:** This course is ideal for architects, specifiers, interior designers, owners and other design professionals. The ideal audience size can be 10-40 people. This program meets the needs of professionals at every experience level.

**Cost to participants:** There is no cost to bring this program into your firm or chapter meeting.
