

VENEERS AND LAMINATES

Standard and Custom Veneers and Laminates for Lecterns

Hand Rubbed Veneers

Real wood veneers have hand rubbed finishes for a deep, rich appearance. Select from these standard offerings or contact Da-Lite for custom veneers and color matching.

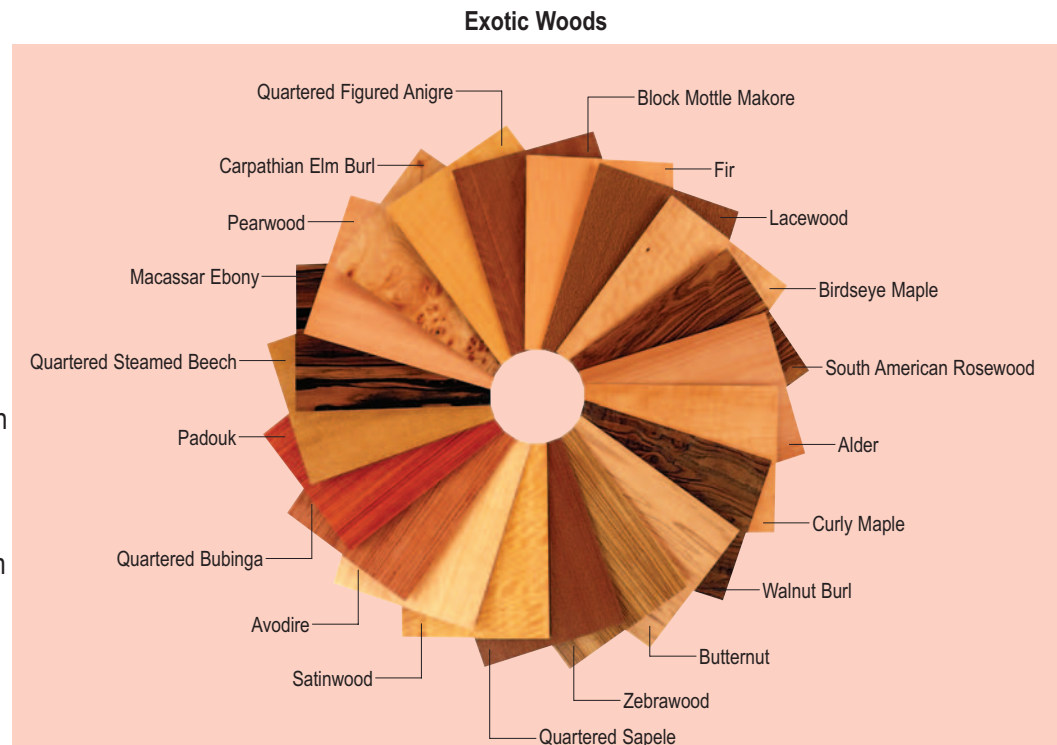

Laminates

Select from our standard laminate choices or contact Da-Lite for a wide range of laminates from Formica®, Nevamar® or Wilsonart®. (Note: The Hamilton Lectern is only available in veneers.)

Custom Veneers and Finishes

In addition to our seven standard veneers, we offer a wide variety of exotic veneers and finishes. Shown is a small sampling of the exotic varieties of wood veneers that we have available. Through Da-Lite's exclusive five step finishing process, we are capable of matching any veneer finish. With a unique hand staining and filling procedure, we can color match any finish with a deep, rich tone to enhance every room decor.

Custom laminates, veneers and color matching available upon request.

Finishes and textures of veneers may vary in tone or character from these printed representations. For critical color matching, contact Da-Lite for actual veneer and laminate samples.
