

DESIGNER DA-TAB ELECTROL®

Wooden Encased Tensioned Electric Screen

- Attractive projection solution for any room using video or data projection.
- Same great features as our Designer Electrol® except screen is tensioned for an extra flat surface for optimum image quality when using video projection.
- Choose from six contemporary and traditional case designs. All covered in your choice of seven real wood veneers (except the Cambridge, which is available in your choice of three laminates).
- Custom finishes available upon request.
- Silent motor option available. See page 16.

All fabrics will be seamless.

For optional remote control operation, see options on pages 50-54.

Six case designs to blend with any room decor.
